## **Area mental health center is renamed**

Friday, September 9, 2005

Lowell – Middlesex North Resource Center, a unit of Greater Lynn Mental Health and Retardation Association, has been renamed “Bridgewell,” officials said yesterday. They say the new name better reflects the work and range of services the organization provides. “The word ‘bridge’ suggests a structure or system of services supporting people through the many different challenges that they may face, and the ‘well’ is not only for good health but for being in good situations,” said CEO Robert Stearns in a statement. The private, nonprofit organization provides services to people with disabilities in 17 communities, including Lowell, Tewksbury, Chelmsford and Billerica.
